# Meet the Cancer Plan Revision Core Team

## OPCC Co-Chairs

**Angie Santangelo**

Clinical Program Director, Cancer  
Support Community Central Ohio

**Lindsey Byrne**

Licensed Genetic Counselor,  
Comprehensive Cancer Center, The  
Ohio State University Wexner Medical  
Center

## Ohio Department of Health

**Amy Bashforth**

Chronic Disease Program  
Manager

**Emily Bunt**

Researcher 3

**Jill Price**

Public Health  
Consultant

**Debbie Wallace**

Admin Assistant

# Meet the facilitators from Professional Data Analysts (PDA)

**Tia Bastian**

Senior Evaluator

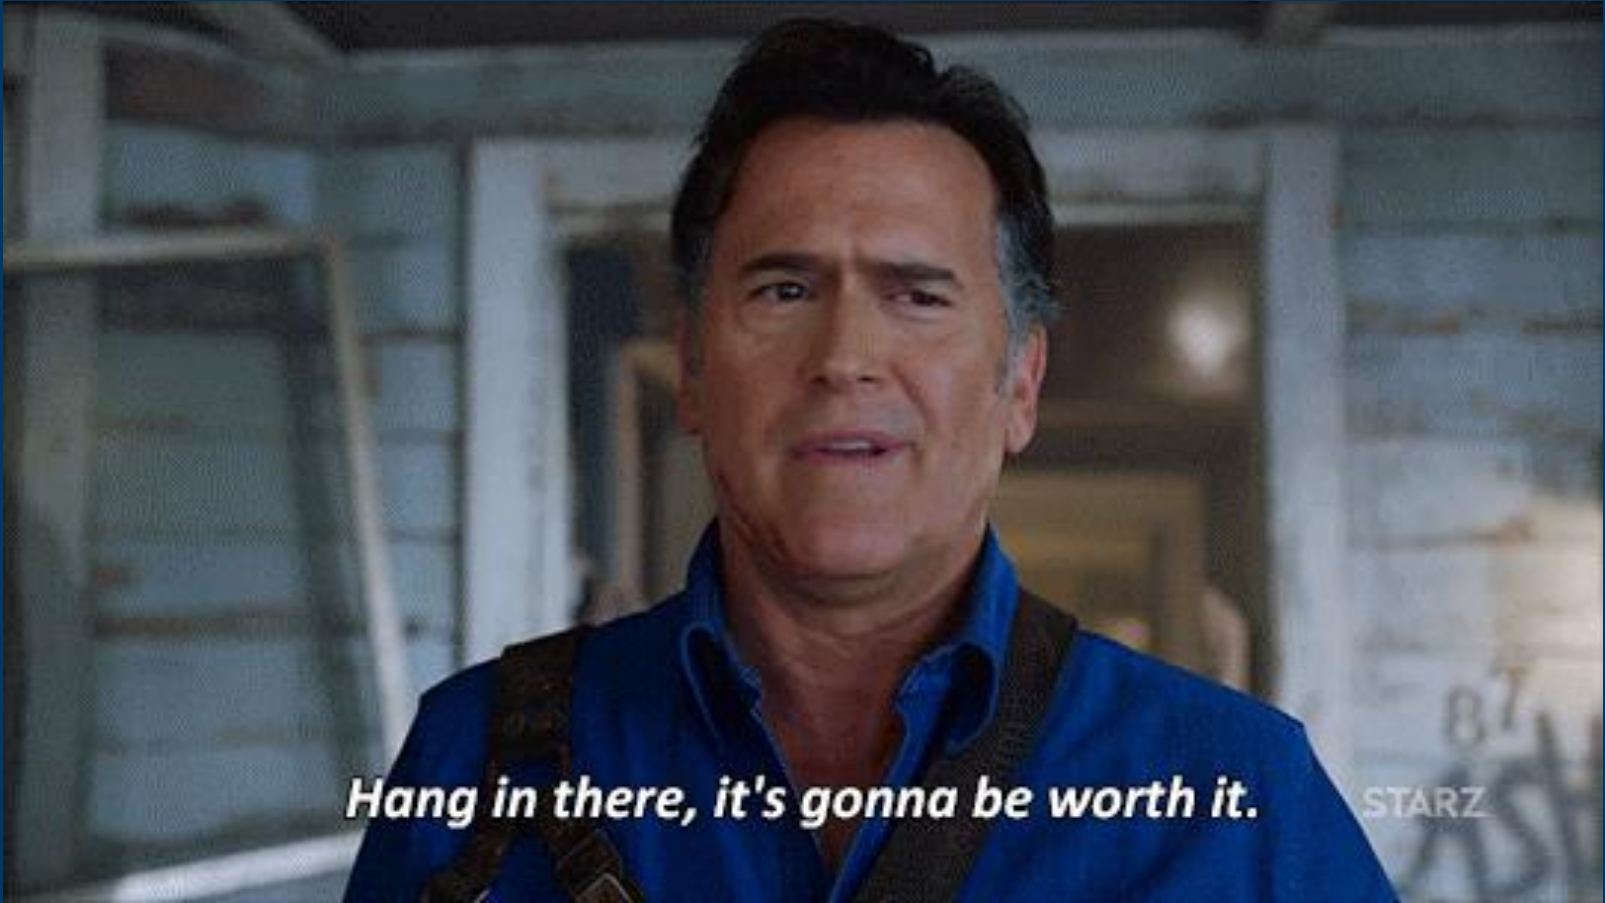

**Kate LaVelle**

Senior Evaluator

**Melissa Chapman Haynes**

Director of Evaluation

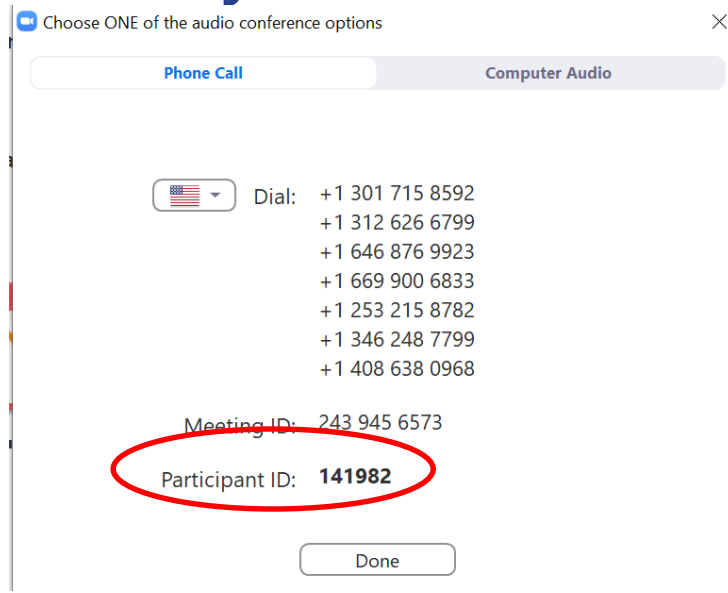

A man with dark hair, wearing a blue button-down shirt and a brown strap over his shoulder, is shown from the chest up. He has a serious expression and is looking directly at the camera. The background is a dimly lit workshop or garage with various tools and equipment visible. The text "Hang in there, it's gonna be worth it." is overlaid at the bottom of the image.

*Hang in there, it's gonna be worth it.*

# Who is on this call?

# Impromptu Networking

# Impromptu Networking

What **do you hope to give and get from** the OPCC/Ohio Cancer Plan?

# Update on the Cancer Plan Revision Process

**Lindsey Byrne**

Licensed Genetic Counselor,  
Comprehensive Cancer Center,  
The Ohio State University  
Wexner Medical Center

# OPCC Cancer Plan Recap and Future

LINDSEY BYRNE, MS, CGC

# Goals of Today's Meeting

- ▶ Review this year and next steps
- ▶ Provide instructions and guidance for creating strategies
- ▶ Engage members in planning the Cancer Plan layout and design
- ▶ Share opportunities to get involved

# New Plan is going to be 2021-2030

- ▶ Why a 10 year plan?
  - Not likely to see significant progress towards achieving some objectives in a 5-year plan.
  - Opportunity to evaluate incrementally and adjust course.

# What is the Cancer Plan?

- Strategic plan to reduce the cancer burden in Ohio.
- Provide guidance to individuals and organizations that can play a role in controlling cancer.
- Several aspects of the cancer continuum are addressed (e.g., primary prevention, early detection, patient-centered services).
- Intended to direct collective efforts toward specific and measurable objectives.

Thank you for all your  
hard work so far!!

## Key tasks and proposed timeline

[illegible]

## Current Work

- ▶ Drafting strategies.
  - OPCC members will draft a strategy/strategies for each objective.
  - Evidence-based strategies.

July

August

## When will OPCC see the final plan?

- Final plan will be presented to OPCC membership at November meeting.
- OPCC will then select priority objectives at the November meeting.
- New committees will develop to focus on priority objectives

Thank you!

# Reminder:

The Plan revision process is documented in the Guidebook!

# Review final Cancer Plan objectives

- 1 Go to:  
<https://www.ohiocancerpartners.org/cancer-plan-library/>
- 2 Review topics and objectives
- 3 Answer reflection questions in menti.com

# Reflection on objectives

1. Where are you most excited?
2. Where do you see areas of overlap, if at all?
3. As workgroups move forward with developing strategies for these objectives, are some strategies going to address multiple objectives?

# **Review topics and objectives**

(15 min)

**Access topics and objectives here:**

<https://www.ohiocancerpartners.org/cancer-plan-library/>

**Respond to reflection questions here:**

[www.menti.com](https://www.menti.com)

Code: 12 83 29

# **Group reflection on topics and objectives**

Kim Matthews

# Pediatric Cancer Objectives

1. By 2030, implement three or more programs to better support pediatric cancer families medically and emotionally, as they transition from diagnosis, to treatment, to survivorship/palliative care.
2. By 2030, implement three or more programs and/or processes that will reduce the financial impact on families of children, teens, and young adults with cancer in Ohio.
3. By 2030, hold two or more annual events to increase awareness for pediatric cancer with a greater emphasis on research, clinical trials, and effective treatment options.

# Hep B and C Objectives

1. Reduce the incidence rate of liver cancer from 7.2 (2017) to 6.5 (10% decrease) by 2025 (2022 data) and 5.76 (20% decrease) by 2030 (2027 data), for a total of 21.1% overall decrease.
2. Reduce the percentage of Ohioans diagnosed with late stage liver cancer from 40.3% (2017) to 36.8% in 2025 (2022 data) and 33.3% in 2030 (2027 data).
3. Increase the percent of adults screened for Hepatitis C from 0.87% in 2019 to 20% in 2025 and 40% in 2030.

# Phase III: Develop Strategies

STATUS: JUST STARTING...

Timothy Schuster

# Prostate Cancer Objectives

1. By December 31, 2030, reduce prostate cancer mortality rate from 19.5/100,000 (2017) to 17/1000,000 for all Ohio men.
2. By December 31, 2030, increase the percentage of males 40 years of age and older who have had a discussion with their healthcare provider on the advantages and disadvantages of the PSA test.

# 2030 PROSTATE CANCER HEALTH EQUITY GOAL

To reach a mortality rate of  
17/100,00 for all men\*

Mortality rates expressed per 100,000  
Rates shown from 2017

\*Rates shown are actual rates

# Developing strategies

**Emily Bunt**

Researcher 3,  
Ohio Department of  
Health

# How to join a workgroup!

1. Review the list of proposed workgroup topics on the OPCC website
2. Select a topical workgroup(s) that you want to join
3. Email the topic lead or co-leads to let them know that you are interested in participating in their workgroup.

**Q&A**

**Any questions about  
developing strategies?**

**Break** (15 min)

# Ohio Cancer Plan Strategies

# Review uses

- To **Educate** Ohioans on key cancer control issues
- To **implement strategies** in the Plan
- To **apply for funding** or justify the work you are doing
- **Align strategies** and programs with the state
- **Obtain data** on cancer-related indicators
- **Identify new partners** to collaborate with

# Activity instructions

- Select one person to be the notetaker
- Generate ideas for how to organize/design the Ohio Cancer Plan to support specific uses.
- Select 1 or 2 ideas to share back with the large group through Mentimeter.

# Example

**Use:** Implement strategies

**Idea:** Include a “Call to Action” to let stakeholders know how they can get involved in implementing the Plan.

# Pennsylvania

## What you can do

Everyone in Pennsylvania has a role to play in preventing and controlling cancer and in supporting Pennsylvania's cancer survivors. Together, we can make a difference.

- Prevention
- Early detection
- Diagnosis and treatment
- Survivorship

### Any Pennsylvanian can...

Maintain healthy weight by eating well and exercising.	●	○	○	●
Use sun protection and refrain from indoor tanning.	●	○	○	○
Get vaccinations that prevent cancer, such as HPV.	●	○	○	○
Be screened for cancer according to national guidelines.	○	●	○	●
Get tested for high-risk infections.	○	●	○	○
Support smoke-free workplaces, schools and parks, and quit smoking.	●	○	○	●
Get homes and other buildings tested for radon.	●	○	○	●
Participate in cancer research through surveys, trials and/or other methodologies.	●	●	●	●
Volunteer to help those whose lives are affected by cancer.	○	○	●	●

### Local public health agencies and community organizations can...

Collaborate to remove barriers to cancer prevention, screening, treatment and support.	●	●	●	●
Provide or host cancer survivor support groups.	○	○	○	●
Promote the use of community health workers to improve access to health care.	●	●	●	●
Provide cancer information that is culturally and linguistically appropriate to those you serve.	●	●	●	●
Help those you serve find cancer screenings and immunizations covered by their insurance.	●	●	○	○

# Texas

## CALL to ACTION

### What can **YOU** do?

The overall success of the *Plan* depends on the cooperation, collaboration and resources of many stakeholders across the state.

Below are a few examples of what you can do to work toward the goals presented in the *Plan*. Use these examples and think of other actions you can take to reduce the burden of cancer in your community and throughout Texas.

---

#### If you are a health system

- Ensure that your cancer cases are reported in a timely way
- Provide meeting space to host community cancer support groups
- Collaborate to sponsor evidence-based community screening programs
- Acquire or maintain American College of Surgeons (ACoS) Commission on Cancer (CoC) accreditation
- Educate health care professionals and the public about genetics and cancer risk

#### If you are a local health department

- Promote effective cancer prevention policy, systems and environmental changes
- Implement and enforce a tobacco-free campus
- Provide cancer prevention and healthy lifestyle education
- Collaborate with communities to support changes in the built environment, including walkability
- Support evidence-based cancer screening and early detection efforts
- Encourage HPV vaccination among adolescents and young adults
- Educate health care professionals and the public about genetics and cancer risk
- Provide meeting space to host community survivor support groups

# Use: Find partners

**5 year SMART objective I:** increase the number of Nebraskans who consider written health information always or nearly always easy to understand from 73.4% to 80% by 2021

What will be measured: percent increase		Baseline: 73.4% of Nebraskans		Data source: Nebraska BRFSS	Timeframe: by 2021
<b>Continuum of care:</b> <input type="checkbox"/> Primary prevention <input type="checkbox"/> Screening/early detection <input type="checkbox"/> Diagnoses <input type="checkbox"/> Treatment <input type="checkbox"/> Palliation <input type="checkbox"/> End of life care <input type="checkbox"/> Survivorship		<b>Level of action:</b> <input type="checkbox"/> Institutions <input type="checkbox"/> Systems <input type="checkbox"/> Policy		<b>Criteria:</b> <input type="checkbox"/> Burden <input type="checkbox"/> Environmental scan <input type="checkbox"/> Stakeholder interest <input type="checkbox"/> Available resources	
<b>Population:</b> individuals with low health literacy/unique cultural and linguistic needs in clinical settings. <b>Setting:</b> Nebraska Cancer Centers, local health departments, 501 c 3 organizations, and Federally Qualified Health centers					
Evidence base: <a href="#">National Action Plan to Improve Health Literacy</a> , <a href="#">CDC Learn About Health Literacy</a>		<b>Lead organization:</b> Nebraska Comprehensive Cancer Control Program, Nebraska Association of Local Health Directors, Nebraska Cancer Coalition, Office of Health Disparities and Health Equity			
<b>Short-term indicators (1st and 2nd year):</b> creation of action plans, buy in from upper level administration, and broad support across departments		<b>Intermediate indicators (3rd to 4th year):</b> number of plans in implementation, broad support across organization		<b>Long-term indicators (4th to 5th year):</b> improvement in selected BRFSS indicators	
<b>Evaluation methods:</b> action plan evaluation reports, key informant interviews, signatures of administration on all plans				<b>Lead evaluating organization:</b> Nebraska Comprehensive Cancer Control Program	
Estimated budget: \$60,000		<b>Other resources needed:</b> technical expertise			

# Activity instructions

In your small groups,

- Generate ideas for how to organize/design the Ohio Cancer Plan to support specific uses.
- Have 10 minutes to work in small groups

# Small group share out

Go to: [www.menti.com](https://www.menti.com)

Code: 12 83 29

- 1-2 ideas for how to design the next Cancer Plan to support specific uses. Include web links where appropriate.

**Disseminating  
the Cancer  
Plan to reach  
key  
stakeholders**

# **What ideas do you have for how and where to disseminate the Cancer Plan?**

Go to: [www.menti.com](https://www.menti.com)

Code: 12 83 29

# Ways to get involved

**Jill Price**

Public Health  
Consultant,  
Ohio Department of  
Health

# Closing and next steps

**Angie Santangelo**

Clinical Program Director,  
Cancer Support  
Community  
Central Ohio

## Key tasks and proposed timeline

[illegible]

## When will OPCC see the final plan?

- Final plan will be presented to OPCC membership at November meeting.
- OPCC will then select priority objectives at the November meeting.
- New committees will develop to focus on priority objectives

**Ohio Partners  
for Cancer Control**
